STUDENT EXCHANGE PROGRAM 2017

Experiences from SUT-ZJSU Student Exchange Program Activities

14-25 May 2017

Mr. Qi Yihang Nickname: BB

The fourteen-day trip to Thailand was finally over, and since the first day of Sualan Larry, I had a deep feeling that the school had a very strong learning and living atmosphere. During the last few days of the library's tour, I found that their library's hardware was also in place. Everyone can book a single room in the library, which makes me shine. All in all, it was my impression that the university was a very good university. Including the hospitality of our department is also very exhausted, the schedule is very substantial and interesting. Thai students are also very enthusiastic about us. The following is a summary to summarize the experience of this trip to Thailand. First of all, the most intuitive, that I understand the importance of spoken and listening English, the feeling that the Thai students in general English is much better than our side, we can see that the degree of emphasis on English is very high. Moreover, let me feel that they are very serious about the academic, every problem will be carefully studied. All in all, this trip to Thailand has left a very deep impression on me.

Mr. Cai Jiaqi Nickname: Cat

In a short 15-day trip to Thailand, we fully felt the customs of Thailand. Here is so hot and there are many insects, but I can sleep; We do not know Thailand people, but they are so cute; The language is so difficult to learn, but we can still communicate. Although the food here is out of my appetite, but the thing in canteen and 7-11 store is nice and cheap. With endless memories, we left Thailand. The knowledge and friendship I got during these days is enough to make us memorable. Thank the ZJGSU for giving me this opportunity to visit abroad and thank SUT for this two wonderful weeks

Miss

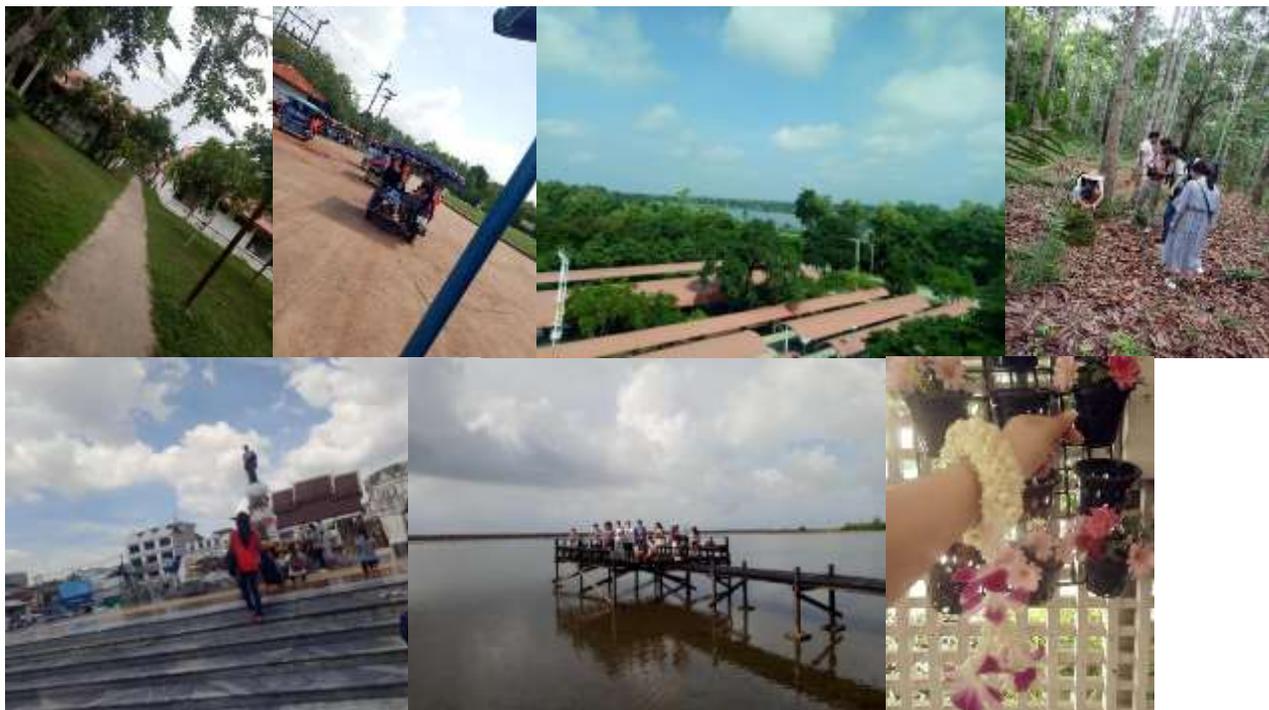

Chen Huan Nickname: Emily Chen

Have nothing to complain. We all felt very happy the day we spent in Thai, very day you give us a complete schedule and thanks to your arrangement, which made every day comfortably to us.

Miss Zhang Shu Nickname: Emily Zhang

At first, I wanna say I really enjoy the time in SUT, As for me, firstly for the pickup service, I think that's great, especially the point that SUT use the package car to carry our package to SUT first. So we don't need stay crowed with the package. Then for the Nakhon Ratchasima City Tour, I think it's fantastic, it help me to know more about Thai history, culture, lifestyle and the like. Then for the Study Visit, I gain a lot from the class about my major, and the teachers who give us classes are really patient, they explain everything clearly for us. Then about classes, I really like Thai dance class, but maybe we don't have enough time, so we just learn a little, Muay Thai class is also good, I really enjoy it, Over all, for the food, at first I may not adapt to the taste in Thai, but later I think it is ok, sometimes I really like it. For accommodation I am really happy I live in the dormitory with Thai roommate, they help me a lot. At last for activity, staffs and transportation, it makes me feel that SUT really treats us a lot. Thank you for the fantastic treat.

Mr. Wang Yilun Nickname: Even

Time flies. Two weeks of short-term exchange project is over, and after these two weeks of exchange activities, we can say that we enjoy it everyday.

I am really happy that I have the chance to go to SUT. I think everyone is very friendly and the reception is so thoughtful. Especially for the pick up service, SUT use the package car to carry our package to SUT first. so we don't need stay crowed with the package.what's more, I gain a lot from the class about my major, and the teachers who give us classes are really patient, they explain everything clearly for us.Then about classes, I really like Thai dance class, but maybe we don't have enough time, so we just learn a little, Muay Thai class is also good, I really enjoy it.Last but not least, for the food, I love Thai food very much, and I gained 15 pounds in two weeks.

I am so grateful that I have made so many friendly and faithful friends in SUT and they help me a lot. Thank you for the fantastic treat.

Mr. Duan Juli Nickname: Jack

It is a great honor to take part in these activities. I like Thailand very much. I like this trip very much. I like SUT very much. The student of SUT is friendly, kind and positive. I can study a lot of knowledge of history, culture, music in SUT. Muay Thai Class is my favorite class. I get a lot from Thai Dance Class. However, I am not used to the food of Thailand.

Thank you very much all the time.

Miss Xu Wanjuan Nickname: Jessica

This is an unforgettable experience, I really enjoy it. The teachers are very enthusiastic and wise. The students are also friendly and lovely. The activities of these days are also very interesting. Such as muay Thai, this is the first time I've ever been exposed to this exercise, it is a pleasure to play it. In addition, I also like to study Thai dance, dance is very beautiful.

Although the communication time is very short, but it is really memorable, it will be a valuable experience for me.

Miss Jin Weimei Nickname: Josie

It's my honor to join this exchange activity. The most impressive time in Thai was the night we rugged together in a blanket watching the stars. That is a rare time in modern society where we do not have so much chance to lie together in peace to talk with each other under the night sky. I feel calm at that time without our mobile phones.

And I do want to tell you a "love" story. Last time Thai students came to China as exchange students. Cream is one of them and she asked my name when we were playing badminton together. I told her my Chinese name. She had a gift for me when they were going to come back. But she cannot find me because no one know how to spell my Chinese name. And in my side, I have never hear from her after playing badminton. We both thought we would never meet each other again since we have not left any messages except my Chinese name.

How amazing life is! We found each other in a canting of SUT! We even cannot believe that. The first sight in Thai, Cream asked, "What's your name?" again. And I suspected that she still remember me so I pronounced my Chinese name again. Yeah! We found the person in front of us was exactly the one we were looking for. It is the first big surprise in Thai certainly. And this time we will never be too stupid to add Wechat friends.

We have made a romantic promise to each other that we will find the other again, in China maybe.

Finally and eventually, thank you for your nice entertaining sincerely, SUT.

And I'd like to attach 11 beautiful pictures ~ □□□

Over! Thank you!

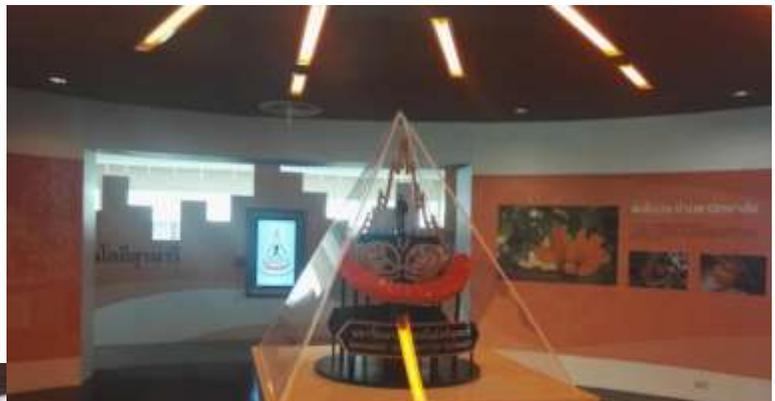

Mr. Xiang Huoxing Nickname: Mars

These days in SUT is really a wonderful memory for me in my whole life! This is the first time I go abroad, before I got to SUT, I was afraid that I can't stand the bad weather in Thailand, I can't eat Thai food, but SUT really solved all the difficulties for me.

I have made many friends in SUT, they are all fantastic. And I have had a great trip.

Here I have one word for SUT:

Great country breeds great school; Great school breeds great students.

Mr. Liu Hao

Nickname: Milo

In 14-25 may 2017, I joined the exchange group from ZJSU to SUT. It was my first time been abroad. Thailand is a very beautiful country, the people there were very kind and friendly, they helped us a lot. Of course, we met some Thai students and teachers, they all have good personalities. After spending some wonderful time together, we built a strong friendship. When we were in the SUT, the teacher prepared many interesting activities like Thai language class, Thai dancing class, and Muay Thai class, we really enjoyed those classes. What's more , in order to let us to know a different Thailand, the CIA organized a culture trip. With some other international students, we traveled to different provinces to learn and experience the local people's life. We also went to the Phimai Historical Park and Sakaerat Nature Reserve, both of them were very amazing place. I really enjoyed my exchange time in Thailand, and I want to apologize for any inconvenience we may bring to the students and teachers, and hope that I can go to SUT again to see my Thai friends in the future.

Miss Zeng Yuxi Nickname: Mimi

...I spent every day in SUT happily and meaningfully. Thanks for SUT. Thanks for CIA. Thanks for Pee Tee. And thanks for all my friends. No suggestion. It was excellent. If comment is a must, then I will say that keep this project up. It is worth the effort.

Mr. Zhu Yingjie Nickname: Oneal

First of all , Thank SUT and CIA very much for planing this excellent exchange term and organizing amazing both abundant activities for us, which brought us quantities of happy time. As well as, Thinks so many for the friendliness and company of Thai students, whose enthusiasm impressed me! Secondly, there are some pic I want to post~

Mr. Fan Nan Nickname: Plover

Before this trip, I would never have thought that this academic trip would be so wonderful, a lot of activities were my first experience, such as flowers decoration class, Muay Thai class and Thai dance class, Thailand's friends must try their best to do this for us. The only regret is that the dormitory is so hot and it do not provide hot water for bathing.

All in all, thank you for your hospitality, I hope see you again.

Miss Li Xuan Nickname: Vurning

For my part, I feel really lucky to have this opportunity to visit SUT. To me, SUT is a very beautiful and harmonious university. We have spent two weeks in Thailand and during this period, all the people were very friendly to me, including teachers, students, shuttle bus drivers and so on. We visited some electronic labs in SUT and some members in labs introduce a lot of achievements about their researches.

After leaving SUT, we went to tourist spots. The view is so nice that I have never seen. This trip really helps me broaden my eyesight and make friends with many foreign students.

SUT has done so much for us and I am really grateful for your kindness. It will be better if you can provide more food with no spicy. Generally, we enjoy ourselves in Thailand and I miss SUT so much, hope to see you again. Thank you!

Mr. Zhang Wei Nickname: Will

To be honest, I still cannot believe it I have experienced such a good processing you have prepared for us.

Thank you again.

It was my first time went abroad, but you made me feel at home. I enjoyed the life there.It was really meaningful and full.Thank you...

What's more, It's you who gave me the chance to have made some such good friends in SUT, I love them.... and we have keep a unbelievable friendships.

Thanks for everything you have done for us....
