## CommTECH Camp Highlight 2019

Date: July 8<sup>th</sup> – July 19<sup>th</sup>

### Preparations

Before departure from Thailand we had to prepare by learning some basic Indonesian language such as how to introduce ourselves, counting number including what to do and what not to do in Indonesia.

At the time we arrived at the airport in Indonesia together with a participant from Malaysia, we could see some staff were waiting for us holding a paper with CommTECH Camp logo. They picked us to 88 Hotel and gave us information about necessary services.

## Day 1: Opening ceremony, Campus tour

For the first day, there were opening ceremony and an introduction about each part of the campus in the morning. In the afternoon we had to separate into groups and had campus tour.

## Day 2: Course, Fun Indonesian Language, Traditional custom and Dinner with Surabaya City Government

We were picked up from the hotel to campus and learned basic Indonesian language. They prepared us a few games to let us practice what we had learned. After got back to hotel we had to prepare for dinner with Surabaya City Government. There were Indonesian traditional performance and songs. Also many delicious foods were prepared for us.

### Day 3: Course, Traditional Games

We were separated into sub-course A and sub-course B and had short introduction of each sub-course. Then we had lunch together and back to each sub-course. In the afternoon we played some traditional games.

(Sub-Course A: Exploring Indonesian Design, Art and Culture)

(Sub-Course B: Smart City)

#### Day 4: Traditional Music and Dance, Course, Site Visitation

Today we learned some traditional dance and music. After that we showed the performance about what we had learned. It was very fun and interesting. We also tried traditional instrument.

## Day 5: Course, Site Visitation, Kick-off Project

This day we had site visitation inside the campus. ITS has variety of laboratories and faculties that are so interesting. We visited ITS library, national electric car and many more.

We had to start our project today. We were in our own groups and had some discussion about the project.

## Day 6: City Tour: Historical Track, Small-Medium Enterprises Visit

We had some small and medium enterprises visit. We visited Kampung Tempe that produces Tempe, a local food made from we can find anywhere in Indonesia. The taste is unique and delicious. We could try to fry the Tempe and see the process of making this food. We also visited another place that has traditional art 'Batik'. We got some Tempe and a scarf with Batik art for souvenir.

## Day 7: City Tour: Cultural Activities, Shopping at Small-Medium Enterprises Center and Mirota Batik

We visited some small-medium enterprises center, there were many options of souvenir including foods, snacks, clothes and Batik.

## Day 8: Project, Site Visitation

We prepared for the presentation and created poster for our project. After that we went for site visitation. We learned how to make kite and we could also fly a kite that made from ourselves.

### **Day 9: Project, Internal Review**

Today we could finish our project and had the presentation about the project to each department. We got a lot of advises and compliment about the project. After that we had some time to modify them.

### **Day 10: Project, Depart to Bromo**

We worked on our project to finish them. And departed to hotel to prepare for Bromo trip. We had to travel at night to arrive at Bromo in the morning.

### **Day 11: Bromo Trip, Rafting**

After long drive from hotel we arrived Bromo Mountain in the early morning. It was cloudy and dusty with sand. We couldn't ride horses today because there were some annual ceremony that was crowded with local people and tourists. In the afternoon we went to rafting Sungai Pekalen Probolinggo that was really fun and crazy.

## Day 12: Final Project Review, Farewell Dinner

Today was the last day for the program, we had to present our last presentation and there were farewell party. We went to a restaurant and had dinner together before award announcement.
