

Suranaree University of Technology Announcement
On
Provision of Cooperative Education during the Coronavirus
COVID-19 Outbreak

.....

Following Suranaree University of Technology Announcement on Provision of Teaching and Learning during the Risk of the Coronavirus COVID-19, which requires teaching and learning of all courses from March 16th to April 19th, 2020 to be conducted through online multi-media learning system, and all regular classroom-based instruction to be suspended for this entire period, Suranaree University of Technology (SUT), in order to ensure smooth and effective provision of cooperative education (co-op) for both the students, the workplaces, and SUT academic supervisors, would like to announce the guideline for the provision of cooperative education during the coronavirus COVID-19 outbreak, as follows:

1. For the students who want to continue and complete their co-op term at workplaces and their workplaces agree to continue providing them with co-op, they can do so at their workplaces until the completion of their co-op term. However, the format and arrangement of their co-op project may be adjusted according to the policy of the workplaces.
2. For the students who want to continue and complete their co-op term at workplaces but their workplaces have to terminate their co-op term due to the COVID-19 situations, the Centre for Cooperative Education and Career Development (CCECD) will facilitate their return home and coordinate with their Schools to provide them with a substitution for co-op such as a work project, a special problem, or an assignment until the end of their co-op term.
3. For the students who want to terminate their co-op term due to their concern about the COVID-19 situations, CCECD will allow them to terminate their co-op, facilitate their return home, and coordinate with their Schools to provide them with a substitution for co-op such as a work project, a special problem, or an assignment until the end of their co-op term.
4. All the co-op supervision in Trimester 3, Academic Year 2019 will be conducted through online multi-media learning system only. For the supervision that must take place on-site at the workplace, the School responsible is requested to provide a written explanation and a request for such supervision to the Director of CCECD for his consideration.

This announcement is effective from March 20th, 2020 onwards.

March 20th, 2020

Associate Professor Flight Lieutenant Kontorn Chamniprasart, PhD
Vice-Rector for Academic Affairs and Internationalisation
Acting on Behalf of SUT Rector
