

**18 May 2000 Visit of Her Royal Highness
Princess Maha Chakri Sirindhorn**

9 Dec 2003 Conference RSIS - (The role of science in the information society) - Contributions to Education Ministry

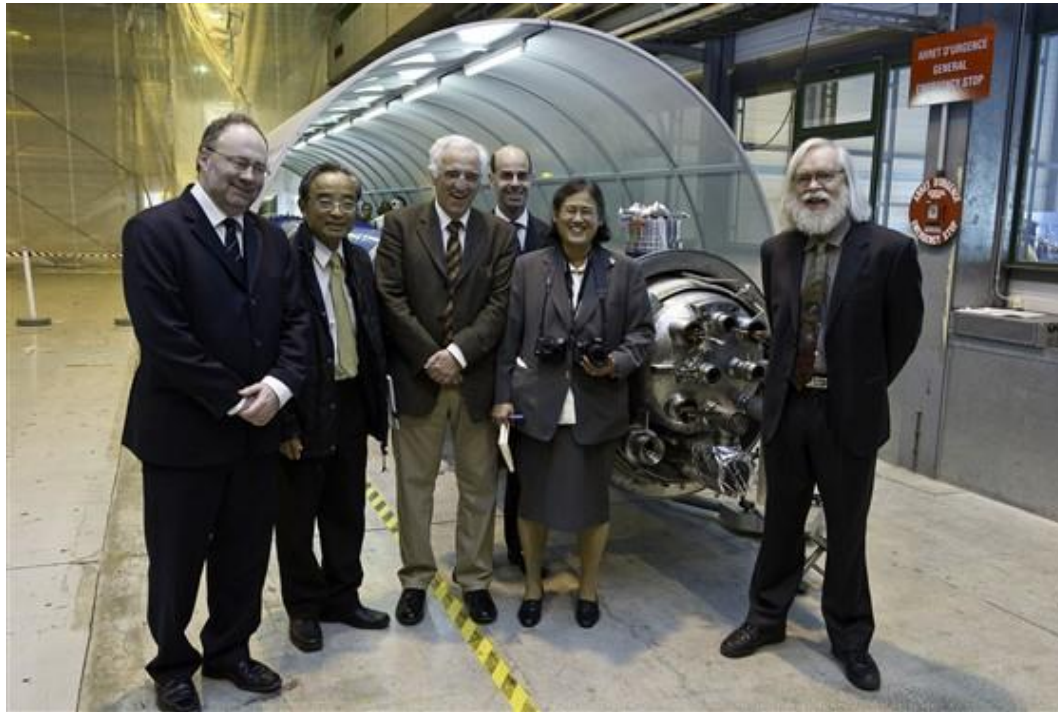

16 March 2009 - HRH Princess Maha Chakri Sirindhorn, visiting CMS experimental area and LHC tunnel

Express of Interest (EOI) between Synchrotron Light Research Institute and CMS

**13th April 2010 Her Royal Highness Princess
Maha Chakri Sirindhorn, at SM18**

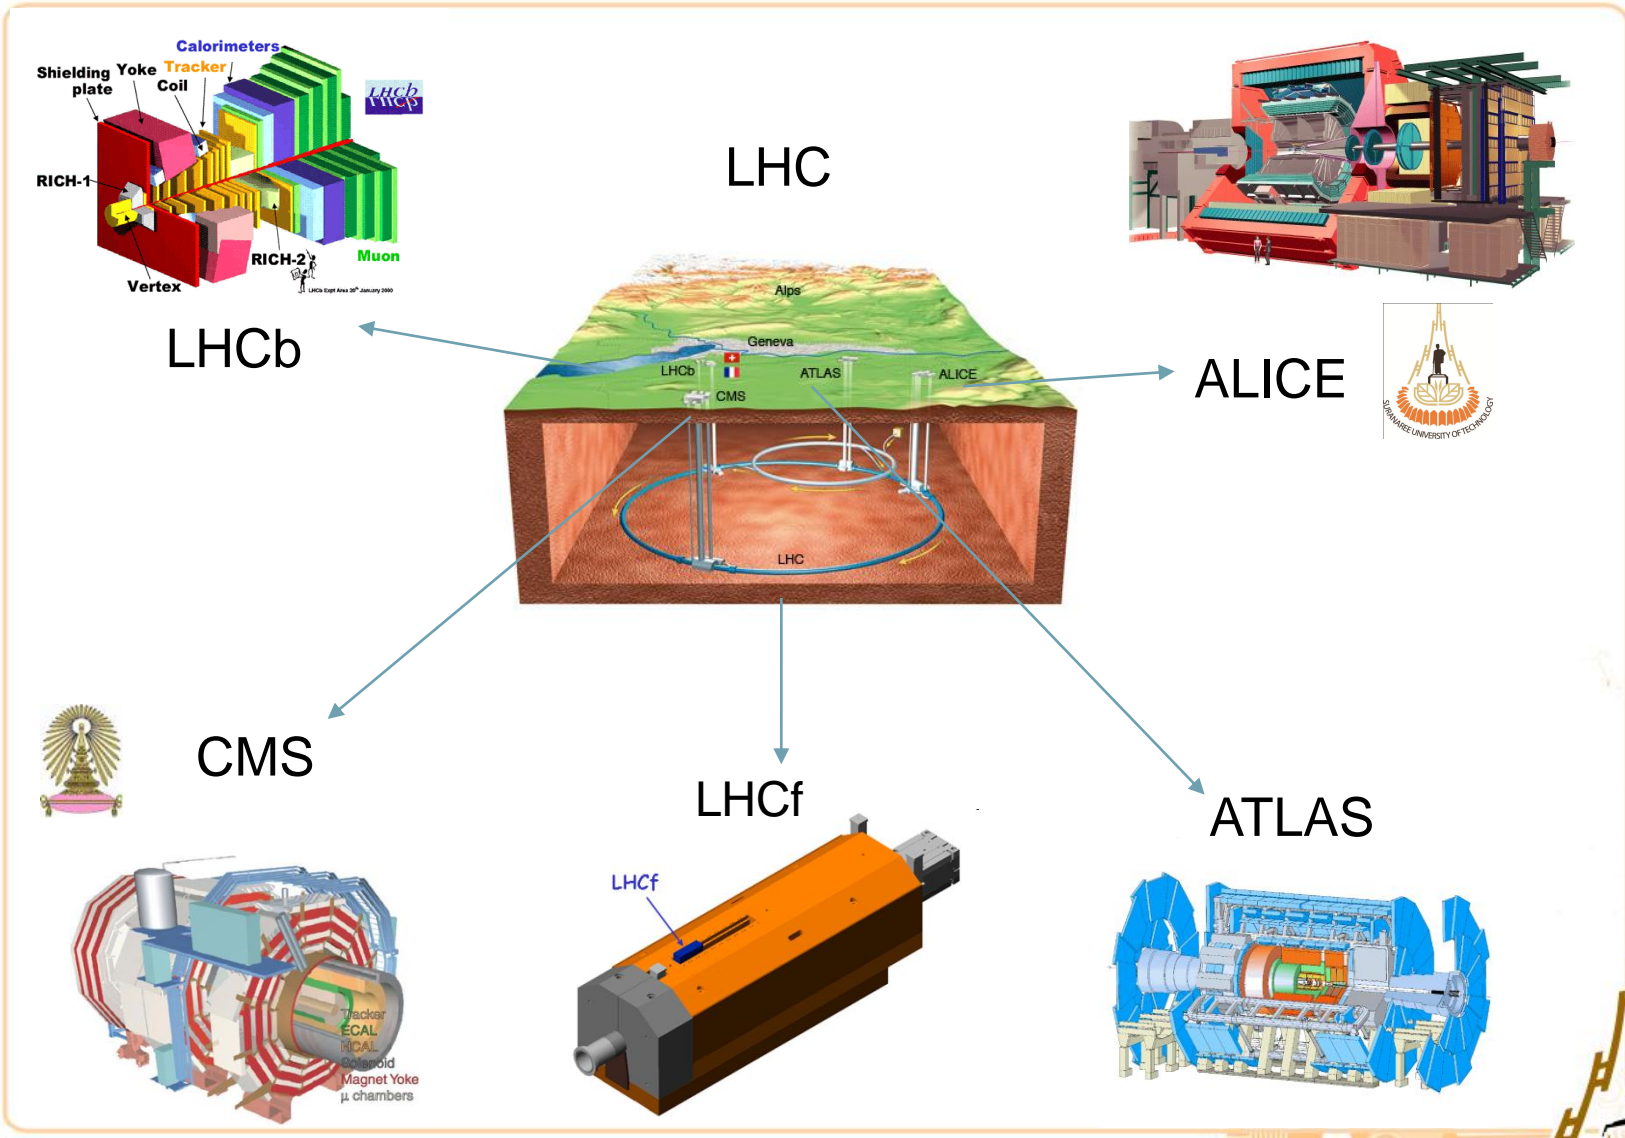

25th December 2009 The Thai-CERN subcommittee delegates from universities and related research orga has been appointed and chaired by Prof Pairash Thaj

Activities

- CERN Summer school for students and high school
- CERN School Thailand
- National e-Science Infrastructure Consortium of Thailand
- Memorandum of Understanding among 13 organizations to promote research activities with CERN

23 March 2010 - Thai Minister of Foreign Affairs K. Piromya at CERN

27 February 2012- Thai Minister of Science and Technology P. Suraswadi at

7 February 2012 - Suranaree University of Technology at CERN

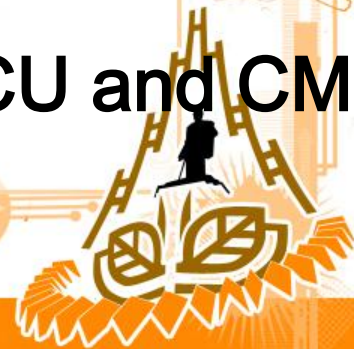

13 June 2012 - Suranaree University of Technology and Planning Division and Bureau of the Budget at CERN

14 July 2012

Memorandum of Understanding between CU and CMS

upcoming event 13 December 2012 Memorandum of Understanding between SUT and

ALICE

**Paolo Giubellino, an
experimental physicist
working on High-Energy
Nuclear Collisions,
currently the ALICE
spokesperson**

Luciano Musa, an expert in detectors and electronics for particle physics , now head of the ITS upgrade project for ALICE

To work in the area of Inner Tracking System upgrade, it requires knowledge from many different fields , i.e., electrical engineering, computer engineering, mechanical engineering, software development and physics.
